**“ Inauguration: Building civil societies, complementarity, and leadership of local actors”**

---

**Topic for the speakers, which we have proposed, these are proposal only, not a necessary limit.**

---

## **Outline**

### **Inauguration: Building civil societies, complementarity, and leadership of local actors**

**Objective:** To discuss the approach of complementarity and inclusiveness of local, national and international NGOs with the division of labor and to promote the leadership of local actors / NGOs at the local level.

**Issues:** Complementarity and inclusiveness. Proposing different roles of the different actors. Since NGOs deal with the right issues, we can consider calling them CSOs. We want the primacy of the nature “CSOs”. Future of CSOs as organization and single person based activism, what are the growing trend and learning. How we can ensure humanitarian and development nexus. Knowledge and value-based leadership. Locality and responsibility in view of the principle “as much as possible local and as much necessary to be national / international.”
